CABINET HOSTESSES WILL PASS TO-DAY

Farewells to All But Two of the Circle.

MRS. TAFT IS NEW LEADER

Well Qualified for New Position as First Lady of the Land, Which Now Awaits Her-Believes in a High Standard of Culture-Mrs. Sherman Is Very Popular,

To-day Washington bids farewell to all but two of the ranking hostesses of the official circle-the graclous presiding Lady of the White House, the beloved Mrs. Fairbanks, and seven of the nine mistresses of the present Cabinet homes. The Capital will bid them farewell regretfully, for they all have filled their high positions admirably, and they will leave behind them hosts of friends.

Mrs. Roosevelt has introduced many innovations which have added infinitely to the social life of the White House, and brought about innumerable improvements in the historic old mansion for which all of her successors will have reason to rise up and call her blessed.

The popularity of Mrs. Fairbanks' Wednesday receptions often made them suggestive of the French salons of the Mme, de Stael period, and had marked effect in restoring the Cabinet receptions to the public favor they enjoyed in earlier administrations.

Mrs. Taft New Leader.

The President's official family is the determining factor of the social pace of an administration, and as it is entirely within the volition of the President's wife to make as much or as little of her social duties as she sees fit, it is often an uncertain equation how much of a factor the new mistress of the White House. will become. If her past is any criterion, there will be no such question concerning Mrs. Taft. She has qualified for the high position which awaits her.

From her scholarly father, as a girl, she learned to care more for books and study than she did for society in the superficial sense of that term. As the wife of a judge of the Supreme Court of Ohio, and later that of the Solicitor General of the United States, Mrs. Taft won her first spurs as a hostess in official circles. When the judge, at his country's cail, left the bench and went out to the antipodes to become governor general of the Philippines, she, by her cordial hospitality and intelligent helpful interest in the work in which he was engaged, contributed materially to the success that was ultimately achieved by him. When new honors came and Mr. Taft was made War Secretary, Washington learned to know Mrs. Taft as an intellectual, keen, clear-headed, tactful woman. As such, she made herself a popuar Cabinet hostess, and she will carry the same qualities in her administration at the White House

If it could be said that Mrs. Taft has any hobby, it would be music, for her devotion to it is well known, and there sought after both as hostess and pleasure. In her busy life of recent pleasure.
